

# Duo Rope

This beautiful, powerful act tells the story of two lovers: their longing, their heartache, and the love that conquers all. The artists weave in and out of each other, and up and down the rope, lifting each other and embracing mid air, creating stirring tableaus which will leave your guests with full hearts.

## Technical Requirements

One aerial rigging point (see our Aerial Rigging sheet) no less than 18 feet off the ground or stage
